# Redefining Integration

## FROM SURVIVAL TO SIGNIFICANCE

### VOLUNTEERING

**Meaningful Contribution.** Creating opportunities to volunteer, support others, and rediscover purpose through meaningful contribution to the community.

### SAFETY

A protected site in western Ukraine with shelters, controlled access, and a secure environment for recovery.

### ACCOMMODATION

**Foundation for Recovery.** Providing safe housing and essential daily resources that enable people to focus on rebuilding their lives.

### EMPLOYMENT PATHWAYS

Building practical skills and connecting people with employment opportunities for long-term economic independence.

### LEARNING CONTINUITY

Supporting uninterrupted education through nearby schools, kindergartens, and child-friendly learning spaces.

### ANIMAL-INCLUSIVE SHELTER

Welcoming families with companion animals and livestock while providing veterinary support and ongoing animal care.

### HEALTH

**Essential Healthcare.** Providing free access to medical, dental, and psychological services.

**We see reintegration as a journey that goes beyond housing or employment. It is about restoring dignity, rebuilding inner strength, and empowering people to create a future beyond loss.**

# VETERANS

# Restoring Life Beyond Service

## FAMILY REINTEGRATION

### IDENTITY

Supporting veterans in integrating their military experience into a meaningful civilian identity.

### ACCESSIBILITY

Creating a replicable model of inclusive design beyond the center.

### SAFETY

A protected and predictable environment designed to reduce unnecessary stressors and trauma triggers.

### FAMILY SYSTEM

**Reunited Family.** Strengthening family relationships, restoring trust, and supporting healthy family roles throughout reintegration.

### PURPOSE

Supporting veterans in discovering a renewed sense of purpose and meaningful contribution beyond military service.

### COMMUNITY

Creating a peer-support community that strengthens resilience, belonging, and long-term reintegration.

### RESILIENCE

Building emotional resilience, adaptive coping skills, and long-term psychological well-being after military service.

### WELL-BEING

**Nature-Based Recovery.** Creating opportunities for recovery through nature, meaningful daily activity, physical movement, and restorative outdoor environments.

**We rebuild the conditions that enable veterans and their families to thrive beyond military service.**
